

Report on the inaugural meeting of 9/28/2018

by Chuck on 10/15.2018

Good evening and hello! I wanted to say that the inaugural meeting for the GMC Central Texas Lunch Bunch went well; we had several folks show up to include: Tiago Soromenho, Stephen Wilhite, Bud Degroot, Paul Array, John and Janice Sloop, Charlotte and Bert Austin, Delaine Brady, Brian LaBorde, Robert Abney, Anneke and Tom Henderson, Chuck and Rhonda Peck. It was also great that three GMC Motorhomes were brought also!! We had a chance to see some friends and make new ones. I think a good time was had by all. The next meeting will be on Friday, October 26, at the same location. I am thinking we will have a few more folks there as I know some Classics members were traveling. I will send out a reminder email as we get closer and if y'all have any questions please don't hesitate to contact me. Hoping to see y'all at the Mathis rally.

Regards,
Chuck

Kudos:

First and most of all, thanks to Chuck for organizing the GMCMH Austin Lunch Bunch earlier today! It was great to put faces to many names I had seen in various online groups! I didn't get to talk to everyone, but I did realize how much knowledge and experience there is all around us! If anyone took photos, please share them! I only took a couple, they are attached... :)

Also:

One of the goals of the meeting was to gauge interest and the knowledge and skill levels of those of use willing to put in a day or two a month helping each other out. I certainly welcome and support that idea, and am willing to give one of my weekends every month to both help and learn from others. If any of you that were not able to make the inaugural Lunch Bunch but are interested in that idea, please email us to let us know your interest. Chuck will send out a notice when we take a first shot at starting this.

For anyone wanting to attend the Fall GMC Classics rally in Mathis in October, we'll also be looking to coordinate driving there in a group. It's just way cool to drive in a procession of GMCMHs -- and it will generate more head-turning potential! ;) And also in case something happens to anyone of us, there'll be more heads and hands to help out. Let us know too if you're interested in that.

And thanks to those that brought their coaches! It was great eye-candy and total bonus! (And to Paul for letting us drool over his amazingly restored '50? Mercury Coupe.)

Cheers!

-Tiago Sorohmenho
