

TULSA GMC LUNCH BUNCH

Founders Glyn & Melrose Trimble (1999)

July 6, 2018

The Tulsa GMC Lunch Bunch met today for the monthly luncheon at the Golden Corral located at East 71st Street and South Mingo Road in Tulsa. There was a total of 25 in attendance.

Present were Bernie Baldwin, Bob Ankershiel, Jim & Betty Haynes, Jerry McNeil, Shirley Pense, Chuck Meyers, Robert & Marilyn Musgrove, Fred & Peggy Pitezel, Ken & Doree Broostin, Larry & Joanna Potts, Geoffrey & Peggy Alexander, Sharon Eimen, Pat & Susan O'Brien, Monte & Helen Jestes, Alan & Janice Thomas and Tommy Manning.

The June trip to Ponca City was a success with four coaches/couples staying at Kaw Lake Osage Park campground and two couples making an automobile day trip to Ponca City. Enrique's Mexican Restaurant located at Ponca City Regional Airport provided wonderful Mexican food with a Cuban flair. It is reported that pilots from as far away as Alaska and Japan have heard of Enrique's. Other points of interest visited were the Standing Bear and Conoco Museums as well as the Pioneer Woman Monument and Museum. Of course, a visit to Ponca City would not be complete without a tour of the E. W. Marland Estate.

Geoffrey and Peggy Alexander gave a report on how the paint project on their coach was progressing. The paint shop said the coach just wasn't quite ready to drive to the luncheon today. We will look forward to seeing it next month complete with mirrors and bumpers.

How could the side window behind the passenger seat shatter on a GMC motorhome while it sat all alone in a locked building? That may be a question that Fred and Peggy Pitezel are asking now. They have already located a replacement window; but, the question probably will never be answered. (Fred's new knee is doing great)

Monte and Helen Jestes are hosting a working rally July 11-13 with several owners planning to address maintenance issues. Call Monte's cell number 405-747-4634 for directions if you plan to attend.
